WHERLING, Dec. 8th, 1868.

I have visited Dr. Lighthill at the McLure House and obtained his treatment for the eure of Deafness and noises in the ears, with which I have suffered for four years; and can say that I have been greatly benefited by its use, although I have applied it but twice, and that the treatment is perfectly painless and calculated to produce permanent and beneficial results.

### SCHENCK AND BUTLER.

From a report of last Friday's proceedings in the House we quote: At 2 o'clock P. M., in the House, on

the report of the conference committee, Butler again attacked Schenck. It has been understood among the friends of Schenck that he feared Butler would leave the affair as it was at the close of the first altercation, and so give no op-portunity for a vindication. Butler's attack was, as before, bitter and per-sonal, full of insinuations of the gravest character. In anticipation of the reply, a profound sensation was manifested by the close attention given by the entire

ALL DISEASES OF THE

DR. A. P. LIGHTHILL—DEAR SIR:—Your treatment in the cure of my Catarrh has had the desired effect, and resulted in permanent good to me, although my case has frequently been pronounced incurable, and I had exhausted all other modes of treatment, without the least benefit. My case was so chronic and troublesome, that by giving a few of the symptoms the value of your treatment can be more readily estimated. For years I had been afflicted with a constant cold in the head, obstructing my breathing so as to necessitate me to keep my mouth open during sleep; latterly the discharges became solidified and impacted in my nose to such an extent that it required the greatest exertion to expel them. Sometimes these haraened lumps would get in my throat causing me to hawk and scrape even by the hour to relieve myself. My breath was offensive; my memory become impaired. Dizzines and light headiness made their appearance, and of late symptoms of paralysis sterped in, and when I placed myself under your care one side of my face was badly affected by this dread disease. My general health suffered alike, there was a constant tired, drowsy and debilitated feeling, with no energy to move or act; I feit astired on rising in the morning as I did on going to my bed, my appetite was capricious and my disposition morose. In that condition I placed myself under your care, and am happy to state that all those disagreeable and dangerous symptoms have entirely left me, and I once more enjoy the benefits of good health.

By giving this publicity you will benefit others similarly affected and oblige me. Yours truly, Brookville, Jefferson county.

I have known Mr. James Sommerville, from Brookville, Jefferson county, for many years, and can testify to his statement as one of truth and veracity. LEOPOLD HELLBRONES, Wholesale Liquor Dealer on Hand Street.
